

Our services

Document Processing

We take care of all necessary documents, including letters of credit, payment collection, legalization, accreditation, customs documents, invoicing, insurance, etc.

Prefinancing

We secure advance payments to transporters, for VAT and customs levies, in order to accelerate the freight process.

Control of Delivery and Transportation

We assure a delivery on due time and forward precise instructions to our appointed transporters. We monitor the shipment and inform you and/or your client about the delivery status.

Hazardous Material

Our professionals are trained in the field of hazardous material for all means of transportation: by air, sea, rail or road.

Goods Processing

We pack, re-pack, split or commission your consignment including labelling, neutralization, re-labelling, etc. according to your instructions.

Billing

Our bills include a detailed list of all costs, and they can be set up every month or according to single orders.
